VOLUME NUMBER 89 | CAMERON, MILAM COUNTY, TEXAS, THURSDAY, JUNE 24, 1948 | NUMBER 13

UNIT SYSTEM TALK IS WELL RECEIVED HERE

Judge Fred Glass of Marlin, county judge of Falls county, told an interested audience at Yoemen stadium Tuesday night that the county unit system is the key to a more efficient handling of the business of the court and that the optional road law has proven boon to those counties that have adopted it .

Judge Glass who has seen the unit system instituted in Falls county, was the principal speaker at the meeting here last night. Stanley Swift, chairman of the good roads committee in the Chamber of Commerce, arranged the speaking date.

It was estimated that some 200 representative citizens from all parts of the county were present, including a good representation from veterans organizations.

This meeting was part of the plan to bring all possible information to the people here about the merits of the county unit system, which if adopted must be submitted to a vote of the people.

Judge Dan Tyson and members of the Commissioners Court, as special guests heard Judge Glass discuss the plan.

LARRY SOMMERS DIED IN WACO LAST NIGHT

(From the Daily)

Edward Larry Sommers, 9 year old son of Mr. and Mrs. Edward Sommers of Cameron, died at 1:15 a. m. Monday in the Childrens Hospital in Waco. Cause of death was infantile Paralysis.

Edward was stricken Saturday, June 19 and Monday afternoon was taken to the hospital in Waco where special treatment is given children who are victims of Polio.

The body was returned to the Marak-Burns Funeral Home in Cameron early Tuesday and funeral services were tentatively arranged for 4 p. m. Wednesday from the chapel of the fuenral home with interment in Oak Hill Cemetery.

The death is the first reported from the current epidemic of Polio.

Edward Sommers was born January 10, 1939 near Burlington. The family moved to Cameron some months ago. Edward attended school at Curry.

Surviving are his parents, Mr. and Mrs. Edward Sommers, and one brother, Stanley Joe, 4 years old.

Mr. and Mrs. John Steele, grand parents, survive also, and live in Cameron.

DRINKING SUPPLY IS PROBLEM FOR MANY

Conditions reminiscent of 1925 and 1918 were prevailing in some sections of the county and nearby neighborhoods. The all inportant topic is water and some communities are facing a serious situation.

The year 1948 has been sparsely sprinkled from the skies. There has been a shortage of water since 1947. The situation becomes more serious each day.

Temple was facing the prospect of an acute shortage. Rosebud will begin pumping mineral water into her reservoir if rain does not fall by Monday, June 21.

Old timers can remember well the situation prevailing in 1925 when water for drinking was shipped out of Cameron north on the Sap railroad. Little River at Cameron was the only source of supply in this area.

A weather change was a bare possibility. A cold front had moved high over the Panhandle and some clouds and showers were in evidence. Forecasts indicated cooler weather and if it comes rain will be in order. North winds were expected in the Dallas area. Sizzling temperatures had burned up crops all over Texas.

KEEP HAULING TRASH

Trash accumulations resulting from the cleanup on Tuesday will be hauled away it was announced by L. G. Smith at the Chamber of Commerce. Property owners were assured of this A meeting was held around noon and the disposition of this trash was being contracted. Property owners were asked to have trash out where it can be readily seen, said Mayor Roy Griffith. He said that the trucks will begin on Thursday morning.

CC Secretary Going For Vacation Rest

L. G. Smith, manager of the Chamber of Commerce, is going to his old home in Bryan for a vacation this week. He hopes to get a complete rest from his arduous duties. He has not had a vacation in some time.

The cleanup campaign plus a lot of other things has made his work very exacting during the past few weeks.

He expressed satisfaction over the co-operation in the cleanup. The Chamber of Commerce was the central agency through which Dr. Clifford Swift, general chairman, channeled the activities during the past three weeks.

Vocation School For Vets To Begin New Term July 1st

Veterans have been notified that a new term in the vocational school will get under way on July 1.

George M. Lamb, instructor, announced that registration for the new courses will be held on Thursday, June 24 at 8 p. m. in the vocational building.

Veterans who are not taking advantage of the opportunity given by the government may some day soon find they can no longer have such an opportunity. Their time is elapsing. Veterans may work and still get the education offered.

Buckholts Citizens Back Cleanup Move; Organize Thursday

J. S. Burwell, from State Health Department and Raymond Pratt were in Buckholts Thursday night where they attended a gathering to organize a cleanup campaign in connection with the county wide campaign.

Buckholts citizens are 100 per cent for an all out, complete job and are on the job to clean the entire town.

D. S. Wimberly was in Rockdale on Thursday night and spoke to the Young Men's Organization in regard to the cleanup campaign. Tuesday night of next week he will go to Thorndale to help organize there.

August Horstmanns And Party In West On Vacation Trip

Mr. and Mrs. August Horstmann and party are in the far west on a vacation trip.

The publisher has just received a card from Mr. Horstmann and they were in Salt Lake City, capital of Utah on June 15. He reported that they were having a wonderful time and 'reaching for blankets at night.'

Mr. and Mrs. Horstmann and party expect to return to Cameron within the next two weeks. Temperatures in Cameron have been high and much higher in the west. The heat is bad across the west and midwest until the altitudes are reached.

Haraway's Western Auto Store Staging Red Tag Sale

The big merchandising event of the week in Cameron is the Red Tag Sale at Harry Haraway's Western Auto Associate Store.

Mr. Haraway, a consistent advertiser, is therefore a consistent bargain giver and besides he is better able to gauge the needs and demands of the buying public.

His store located on East First Street, is a new store because it was recently fitted out when he moved from his old location on West Main Street. Large new stocks were also put in and the Red Tag Sale this week is a store wide buying opportunity.

Keith Green Died In LaFayette, Ind.

Friends of Rev. and Mrs. Joe Wick, former pastor of First Christian Church have received telegrams telling of the death of Mrs. Wick's brother, Keith Green who died in LaFayette, Indiana.

Mr. Green was 22 years of age, and was a Junior at Butler University in Indiana, Indianapolis.

Senator Kyle Vick of Waco was in Cameron Tuesday on a campaign tour of the county. Senator Vick attended the Lutheran Picnic at Thorndale and also visited friends in Maysfield Jones Prairie and Branchville.

HIGHWAY WORK MAY SOON BEGIN HERE

The Texas Highway Commission expects to have funds available for construction on Highway 77 from Cameron to the Falls county line by the time surveys and plans can be made and the right of way secured.

This welcome information was contained in a letter from D. C. Greer, State Highway Engineer, to Judge Dan Tyson under date of June 21.

Judge Tyson, upon receipt of a copy of the minutes of the Commission at their meeting on June 1 at which time members of the Commissioners Court appeared for work on Highways 77 and 36, wrote Mr. Greer for a clarification on the statement that funds were not then available.

In his letter Mr. Greer re-affirms the pledge of the Highway Commission to build Highways 36 and 77 through Milam county, but indicates that "it should be expected that rehabilitating the highways through Milam county will require several years."

Mr. Greer does not indicate the total cost of this work but it is certain to run into some 2 to 3 million dollars.

Judge Tyson was concerned, as were other members of the delegation, when the copy of the minutes were received and the Commission had only ordered a survey on a portion of the right of way for 77. The minutes, of course, made it clear that the Commission recognizes the need on Highway 36 as well as 77. In his letter to Mr. Greer it was made plain by Judge Tyson that the Commissioners Court is going to carry out its part of the agreement and stands ready to acquire all right of ways on both highways and as soon as the survey is made the Court will get the required right of way on 77 from Cameron to Falls county line.

Judge Tyson told Mr. Greer that the court is awaiting other surveys and will welcome rapid development in the highway construction program promised Milam county. As the situation stands at this time: Mr. Greer told a delegation in May that if the Commissioners Court would secure right of ways he would spend more money here than we ever dreamed would be possible to get for Highways 77 and 36. Judge Tyson convened the court and a pledge was made to get right of ways as requested by Mr. Greer. A certified transcript of the minutes of the court is on file with the Highway Commission. The pitcher warmed up in the box, got ready and let one go. The court lifted it out in the left field stands for a home run. Next followed the meeting on June 1 arranged by Mr. Greer at which time the Commission agreed to go ahead with construction as soon as possible. Right now we are waiting for the next pitch, an order to get right of ways. Our heavy artillery is coming up and we will bat 1000 per cent.

GUARD UNIT HERE IS NEEDING RECRUITS

If recruiting records for the local Artillery Unit of the National Guard indicate preference by young men between the ages of 18 and 25, they prefer to be drafted.

Well, that may not be exactly true, but the awful fact is that there have been no recruits at the Headquarters.

The time is growing short. All young men who enlist in reserve units are exempt from the draft. The final date for enlisting will come quickly.

At present the unit has only 17 enlisted men and officers. The highest number was 25 but some of the members moved away or joined the regular army.

The guardsmen meet every Tuesday night from 8 to 10 to hear lectures, to drill and are trained for the Artillery.

The present campaign for enlistments no recruits have been signed. The Guard unit will take young men at the age of 17 up to the limit of military age.

The situation here is regarded as acute. Unless the Guard Unit can be brought up to recognized strength there is a possibility it will be lost to the city.

E. G. Crane of Rockdale, candidate for Justice of Peace for Precinct 4 was a visitor in Cameron Wednesday morning.

CAMERON IS A CLEAN CITY

GOP START NOMINATING BATTLES

RAIN CHANCES ARE BETTER

FIGHT ON POLIO IS TITLED A SUCCESS

Cameron is a clean city to-day and the Polio Prevention campaign was titled a success by the general chairman, Dr. Clifford G. Swift.

The campaign was climaxed here Tuesday afternoon when the entire business sections of the city was closed and people generally spent the hours from 1 p. m. to 6 p. m. cleaning up their premises. Later in the evening trash was spirited away in city and volunteer trucks.

The work incident to the cleanup was voluntary, thus setting an example that is without parallel in the history of the city. Such a spirit to work in unison under grave threats was said by Dr. Swift to represent a most commendable spirit.

One thing remained and that is the spraying of the business section. P. W. Davis, directing this work and giving free the use of the big machine, found winds too high again Wednesday.

Ballot Fees Are Low Here Say Candidates; Other Places High

Ballot fees for the primaries in Milam county, are not high, say local candidates who learned Monday of the schedule of fees they must pay to get their names on the ballot in July.

Other places over the state report very high fees, notably in Dallas county where election workers demanding a dollar an hour with time and a half for overtime, plus other concessions. The precinct candidate fees in Dallas county run in some cases as high as $1200 to $1500.

In Milam county election managers will receive $7.00 for the first primary and $6.00 for the second. Clerks will receive $5.00 for the first primary and $4.00 for the second.

Here is the schedule of fees candidates must pay in Milam county: District judge $540.00; District Clerk $157.31; County Judge $143.10; County Clerk $182.34; County Treasurer $75.60; Assessor and Collector $191.23; County Attorney $182.50; Sheriff $159.92; County Surveyor $13.25; County Democratic Chairman $13.25; Commissioners $112.50.

The fees are extracted at the rate of two and one quarter per cent of the salary for the two and four year periods. In assessing Precinct candidates their reports are checked and where no report is on file a minimum fee of $5.00 is established.

POLIO OUTBREAK SPURS PEOPLE TO ACTION HERE

Spurred by the development of 3 cases of Infantile Paralysis here citizens were busy at their homes Tuesday afternoon in an all out effort to carry out the provisions of the cleanup formula issued last week by health authorities.

The cleanup campaign was being climaxed by the suspension of business from 1 p. m. to 6 p. m. The Polio prevention campaign under the general diretction of Dr. C. G. Swift, county health officer, was begun here two weeks ago.

In a series of operations, well directed from the offices of the Chamber of Commerce, the whole campaign has been fittingly climaxed. Spraying will be done this afternoon and tomorrow.

The streets of the mercantile areas were washed with lysol mixture during the night of Monday in preparation for the spraying to be carried out under the direction of P. W. Davis.

Due to high winds the spraying had to be put off until Wednesday morning and if the gales do not abate, another hour must be fixed.

Printing is a home industry.

STOP DEWEY SEEMS TO BE PLAN OF HOPEFULS

When the Republican National Convention resumed sessions in Philadelphia Wednesday morning the last of the formal addresses would be out of the way.

Speaker Joe Martin of the House of Representatives, was named permanent chairman of the convention. He also withdrew as a candidate for the nomination, thus clearing the way for the Pennsylvania delegation to go to Governor Dewey on the first ballot.

Mr. Martin predicted late Tuesday that Dewey would be nominated on the first ballot. Nominations would begin sometime in the forenoon Wednesday, it was predicted. Alabama yielded to Arizona and the western state yielded to New York. This will permit the big state to present Governor Dewey.

Nominations may consume the better part of the day and balloting would not begin before Thursday.

Senator Taft, Governor Warren and Harold Stassen, former Minnesota governor, all prominent candidates were exploiting the possibilities of a stop Dewey move by pooling their delegate resources.

Complete harmony in the convention may have been assured when the predicted fight on the platform collapsed.

STREET SPRAYING HERE DELAYED BY HIGH WIND

Gale like winds prevailing here for several days, prevented spraying of the streets in Cameron early Tuesday, it was said early Tuesday morning by P. W. Davis.

These winds have never been experienced in June, so old timers say. Trees have been broken down in some sections and other damage reported. The winds are not from storms but just inland gales that are most unusual.

Mr. Davis said that if the winds lay he will have the crews spray the streets early Wednesday morning. The plan is to do the spraying around 2 a. m. when there is little or no traffic on the streets. Hotels have been requested to have guest cars moved when spraying starts.

All was in readiness for the job Tuesday but winds were too high.

POLIO PREVENTION DRIVE NEARS END

The Polio Prevention campaign identified here by a thorough city clean up was nearing a climax Monday on the eve of the city wide closing.

Mayor Roy Griffith has issued a proclamation calling upon all business houses to close on Tuesday and that all citizens go home and spend the hours from 1 to 6 p. m. cleaning up.

The spraying of all areas of the city will follow the cleanup on Tuesday.

Inspection of every premise in the city was completed on Friday by dozens of volunteer workers under the direction of Dr. C. G. Swift, general chairman of the clean up campaign. Meetings have been held daily and the activities have been funneled through the offices of the Chamber of Commerce.

Cameron has been fortunate thus far. There have been on cases of infantile paralysis and if preventative measures or thorough enough the people may escape.

Business men are reminded to remember that every business house in the entire city should close from 1 p. m. to 6 p. m. on Tuesday.

Mr. and Mrs. Edwin Reynolds transacted business in Temple a day this week.

HOPE REVIVED BUT CHANCES ARE SLIM

Hopes for rain were revived with the continued high winds pulling in moisture from the Gulf and a low pressure area in the Kansas plains.

Meanwhile a high cold front with winds up to 52 miles an hour was sweeping in to the Texas Panhandle and north plains and if it reaches central Texas aloft we can expect some results.

All depends on how long the low pressure hole remains in place and into which the moisture is being sucked. Those high winds in the past few days have literally been pulling in torrential rain possibilities. If the cold air hits heavy downpours may be expected.

The best that could be expected was thundershowers. It will take much more. In fact there is little hope that corn can be saved and cotton is beginning to lose even though a dry weather plant.

ADRIAN W. COLEMAN NEW MARLOW PASTOR

Rev. Adrian W. Coleman has accepted the call as pastor of the Marlow Baptist Church and will assume full duties there beginning August 1. The church has been pastorless since the resignation of Rev. Floyd W. Raley in May to accept a position in California with the Baptist Home Mission Board.

Rev. Coleman will resume his studies at Baylor University in the fail as a senior. Previous to his coming to the Marlow Church, he has been connected with the Calvary Baptist Church, Mexia, as Youth and Choir Director; and resigned there, he went to First Church. Olney, as Educational Director. For two years he has been pastor of the Webberville Baptist Church in the Austin Association; and while pastoring there, he worked for the State Baptist Sunday School Board conducted Vacation Bible Schools and revivals in rural churches during the summer months.

The pulpit will be filled by various ministerial students from Baylor University until August 1 at which time the new pastor will come to work with the Bible School and to preach a revival meeting there from August 6-15. Until then Rev. Coleman will be engaged in revival meetings at various places. Extensive plans are being made by the church that it may enjoy continued growth.

Mr. and Mrs. O. D. Rennegar of Temple, Mr. and Mrs. J. N. Wilson of Waco, Mr. and Mrs. Richard Wilson and daughter of Port Sulphur, Louisiana, Mr. and Mrs. Leeman Wilson and Mr. and Mrs. Charles Knipp of Cameron were guest of Mr. and Mrs. J. W. Wilson on Father's Day.

Joe Hauk and John Matyastik transacted business in Cameron Tuesday.

Miss Evelyn Ratel returned home Sunday after spending two weeks with her sister and brother-in-law, Mr. and Mrs. Ervin Kiehler of Schulenburg.

Mr. and Mrs. A. L. Ratel and sons, Billy and Clarence spent the week end at Schulenburg with their daughter, Mr. and Mrs. Ervin Kiehler and Miss Ratel's mother, Mrs. Frank Pfeifer.

1948 BARGAIN

U.S.D.A. sources reveal that power equipment is one of today's best farm buys.

Cost of farm machinery has increased only 88 percent over 1935-39, compared to 240 percent for farm labor.

Farm production costs can be reduced by increased mechanization.

When it comes to tractor power, the Allis-Chalmers Model B is out in front. It's just the right size to make efficient use of power on such jobs as cultivating, hauling and belt work. Above all, it is reasonably priced.

INSPECTION WILL BE COMPLETED FRIDAY

(From the Daily)

Dozens of loyal citizens were beating the hot pavement in a strolling June Bug Friday to complete a thorough inspection of the city preliminary to the spraying which will climax the Polio prevention campaign.

Dr. Clifford G. Swift, general Chairman of the Clean-up campaign and Milam county health officer, said early Friday that reports will be taken up by the committee on Saturday and those areas needing help will get immediate action.

The plan calls for a close down of business on Tuesday, June 22 from 1 to 6 p. m. During this period every citizen will be expected to go home and clean his yards and destroy all possible breeding places for flies and mosquitos and then spray with DDT, a solution which can be had at Mack's Oil Company at 25c per gallon.

So thorough was the clean-up cooperation that a large number of Koerner, late football stars under Leo Jackson, were on the march as inspectors. They were in teams and some were with the coach who is working also.

Terrific heat and discomfort were cast aside by the men who are responsible for this first phase of the prevention campaign. Another inspection is to be made after Tuesday. This inspection will be to determine whether premises are ready for the spray.

Dr. Swift expressed entire satisfaction over the progress of the campaign. He said that co-operation from citizens, health authorities, the press and other agencies, has been complete and most helpful.

Names of the many who are on detail here Friday were not available. All deserve special mention.

Areas needing help, that is in sections where the people have no means to pay or to dispose of their health hazards, will get help. That is one of the major objectives of the first inspection.

Let no premise or area be neglected. Remember that if you are unable to purchase the chemicals they will be furnished free. Those who can buy and who can clean up their own properties, must do so in fairness to the health needs of the city.

If Milam county escapes it will be due to these precautions, so on with the good work.

Mrs. Cora Ritter of Springfield, Missouri is visiting in the home of her father, Ed Copus.

Miss Bobbie Joyce Varner and Francis Barron left for Dallas Monday where they will be employed with the Bell Telephone Co. there. Both are 1948 graduates of Tye High School.

Shirtless Justice Of Peace Spins Talk Of Weather At Presidio

PRESIDO, Tex., June 19 — The weather bureau says this is the hottest town in Texas—100 to 114 degrees for the past five days—but big, affable, W. A. Kirkland, city judge and justice of the peace, just grins and says:

"We have a special kind of heat here in the Big Bend. It isn't hot heat . . . it just looks hot on the front page of a newspaper. Why, I'm sitting here just as happy and comfortable as can be—with my shirt off."

A brown-haired, gray-eyed man of 44, six feet tall and 225 pounds heavy, Kirkland added:

"Any time you find a speck of shade here in these mountains you're comfortable. Now, out in the sun, it does warm up a bit, but we've got 1,200 sensible folks in Presidio who know how to get along without doing too much work.

"We also know how to stay home, too, and all our homes are air cooled or air conditioned. I get out early in the morning and work until noon then I go home and rest for three hours. After that, I get out and nose around finding out what my neighbors are doing.

"Hardly anybody breaks the law out here—I don't average two court cases a month and when I hold court we just take it easy with our coats off. I won't tolerate formality in my court I told.

"When I'm not in court I peddle some real estate and right now I'm helping to sell cantaloupes. We have a narrow fertile valley, right along the Rio Grande and we have plenty of water. These days we're shipping out the finest cantaloupes in the universe."

Here's the heat score in Presidio for the past five days: Three days, 100; one, 110, and on Friday the mercury scooted up to 114.

"People didn't pay no attention to it at all," says Kirkland.

"I was a Santa Fe engineer, a railroader 40 years, and lived everywhere from Hamlin, Okla., to San Angelo, Texas, and when I retired I picked Presidio as the pick of the world."

Your electric roaster will give you more time for sewing, shopping or just plain visiting. It's quick . . . it's dependable . . . it's the short-cut to better meals!

You can cook a whole meal at one time . . . meats, vegetables and even a dessert. For economy, choose an Electric Roaster. The cost of cooking electrically is less than one cent per person per meal!

Electric roasters and many other time and labor-saving electric appliances are now available at stores of electrical dealers.

TEXAS POWER & LIGHT COMPANY

Society in the News

Mary Ann Newton and Maurice Little are Wed. In Shreveport, La.

The Highland Batpist Church in Shreveport, La. was the setting Saturday, June 5, at 6 o'clock in the evening of a beautiful wedding, uniting in marriage Miss Mary Ann Newton of Shreveport and Maurice Little of New Orleans, La. The bride is the daughter of Mr. and Mrs. Everett Gaillard Newton of Shreveport, and the bridegroom's parents are Mrs. Adolphus Lamar Little and the late Dr. Little of New Orleans. The Rev. R. O. Cawker officiated at the beautiful and impressive double-ring ceremony.

Miss Inez Furnis, at the organ, rendered a program of wedding music which included "Will You Remember" by Sigmund Romberg, and the traditional wedding marches. Ned Wright, accompanied by Miss Furnis, sang "Ah, Sweet Mystery of Life" by Victor Herbert and "Because" by D'hardelot. The bride's favorite song, "Clair de Lune" by DeBussey served as a soft musical background during the ceremony. Before the entrance of the wedding party Jack Bryan and Lloyd Anderson, Jr. lighted the candles to the strains of "Oh, Promise Me" by De Koven.

Miss Norma Britain of Shreveport maid of honor, and bridesmaids, Miss Anne Brock of Shreveport, Miss Carolyn McKinney of Shreveport, Miss Miss Ann Duggan of Houston, Texas, Miss Mary Louise Scherer of Decatur, Goodie Kyker of Hattisburg, Miss., Ill., and Miss Bettie Stoner of Greenwood, Miss., were identically gowned in pale green maquisette. Bias folds of the material forming the drop-shoulder necklines of the slim bodice matched the folds on the full skirts, posed over hoops and old-fashioned petticoats. Each attendant wore elbow-length mitts of matching marquisette which tapered to points over her hand. They carried sprays of white and yellow daisies outlined by pale green illusion, with the exception of Miss Britain whose spray was outlined by yellow illusion from which hung ribbon streamers. Their head-dresses were of matching yellow daisies.

Horace Little of New Orleans was best man for his twin brother and groomsmen were Herbert Britain of Shreveport, Edgar Whitfield, of Picayune, Miss., James Cunningham of Shreveport, Floyd Lewis of Kentwood, La., Jack Bryan of New Orleans, and Lloyd Anderson of Milan, Minn.

Forming the background of the groomsmen, in summer formal, awaiting the arival of the maids, were the lovely church decorations of smilax and white gladioli. An arrangement of gladioli and stock centered the pulpit, with several standards of the flowers on either side. The glow of white cathedral tapers in wrought iron floor standards lighted the scene. These were in relief against the bank of smilax.

The bride, entering with her father, wore a gown of ivory satin, the yoke being of imported French net with traces of pearl embroidery and embossed satin roses, and the long fitted sleeves tapered to points over the hands. The bouffant skirt fell into a cathedral train and her double-tired veil of French illusion fell mistily from a crown of seed pearls with touches of orange blossoms on each side. Her bouquet was a white orchid surrounded by white stephanotis from which fell satin streamers caught with stephanotis. For "something old" she used, tucked into the hem of her gown the veil used by her great-great-great grandmother on her wedding day.

For her daughter's wedding, Mrs. Newton wore pale yellow marquisette enhanced by wide folds of blue forming a bustle over the full skirt. Her corsage was an orchid. Mrs. Little's formal gown was a gray crepe, and her corsage was likewise an orchid.

Following the church rites, Mr. and Mrs. Newton were hosts at a reception in the Woman's Department Club on Margaret Place. Guests, arriving, were greeted at the door by Mrs. Richard Sowle and Mrs. David Mitchell and were invited into the reception rooms where white gladioli, asters, feverfew and daisies were placed at attractive vantage points.

Receiving in the living room with the bride and bridegroom were the parents of the young couple and the feminine members of the wedding party.

Miss Mary Lou Ogden and Miss Ann Miles asked guests to register in the bride's book.

The center of attraction in the dining room was the tiered wedding cake decorated with roses and lilies of the valley reposed on a reflector, edged with an illusion ruffle and white asters and feverfew. These blossoms outlined the crystal punch bowls on each end of the table. Crystal candelabra held the white cathedral candles. Alternating at the cake service after the bride and bridegroom cut the first slice were Mrs. D. C. Frith and Mrs. D. H. Kyker of Hattisburg, Miss., and Mrs. Jack Armistead and Mrs. L. H. Britain persided at the punch bowls. They were assisted by Miss Barbara Bostick, Miss Carolyn Yancy, Miss Anne Cunningham, Miss Louise Lowe Miss Bette Brock, and Miss Billie McCalla.

MRS. MAURICE LITTLE OF NEW ORLEANS

Out-of- town guests besides those in the wedding party included Mrs. A. L. Little of New Orleans, Robert Little of Houston, Texas, Mrs. D. H. Kyker of Hattiesburg, Miss., William Hancock of Rutledge, Tenn., Mr. and Mrs. Alfred Stoner of Greenwood, Miss., Marvin Squyres of Brookhaven, Miss., Mr. and Mrs. H. G. Newton and Miss Sue Butts of Maysfield, Texas, Mrs. N. C. Cutrer of El Dorado, Ark., Mr. and Mrs. V. P. Gibson and daughter Gay of Talco, Texas, Mrs. J. B. Carey and son Dick of Tyler, Texas, Miss Gayle Newton of Henderson, Texas, Mr. and Mrs. J. W. Newton of Sherman, Texas, Mrs. Charles F. Hamner of New Orleans, La., and Jarvis Waller of Haynesville, La.

For traveling Mrs. Little wore a blue gabardine suit with white lace blouse, and a brown straw hat with tan gloves which matched the flower on her hat. Her corsage was the orchid from her bridal bouquet. Brown lizard shoes and bag completed the ensemble.

After a motor trip to the Ozark Mountains, the young couple will be at home in Magnolia, Ark.

Miss Newton is descended paternally from Mr. and Mrs. Gaillard Newton of Maysfield, Texas and maternally from Mr. and Mrs. Newton Cleveland Cutrer of El Dorado, Ark. She is a graduate of Byrd High School of Shreveport and attended Newcomb College in New Orleans where she was a member of the Tulane University Spirit Klub, The Tulane University Theatre and Zeta Tau Alpha sorority.

Mr. Little is the grandson on his father's side of the late Mr. and Mrs. William Washington Little of Blacksburg, S. C., and on his mother's side of the late Mr. and Mrs. Robert Irvin Watterson of Kings Mountain, N. C, He is a graduate of Fortier High School in New Orleans and attended Syracuse University in Syracuse, N. Y. and is a graduate of Tulane University, in New Orleans, where during his last year he served as senior class president in the School of Commerce and Business Administration. He served with the United Air Forces for two and one-half years.

Jaunita Burnett Is Given Briday Tea By Mrs. McDermott

Juanita Burnett, recent bride of Warren Brashear was honored with a tea shower at the home of Mrs. Giles McDermott, Wednesday afternoon, June 16.

Miss Bobbie Ann Burnett, presided at the brides book and registered the fifty guests.

Shasta Daisies decorated the dining table and Dahlia's were placed on the mantel.

Mrs. R. J. Woodum had the lovely gifts displayed on a table in an adjoining bedroom, and as the guest arrived they were invited to view them.

Dainty sandwiches, cake and punch were served by Mrs. Finley and Mrs. Lyle McDermott.

The honoree thanked everyone in her charming manner.

Melba Keith Honored At Park Tea June 16

Melba Keith, recent bride of Reginald Hays was honored with a tea at the City Park, June 16, with Mesdames D. M. Hayes and Rolen Gandy as joint hosetesses. Approximately seventy-five guests, including the Southwestern Bell Telephone Company staff enjoyed the happy occasion and were served tea and sandwiches, from tables covered with yellow linen and centered with bouquets of Shasta daisies.

Following the tea a linen shower was given the bride-elect, who received many lovely gifts. The wedding took place on June 19, at the home of D. M. Hayes, brother of the groom.

Barbara Walton Is Birthday Honor Guest

Miss Barbara Walton was surprised with a lawn party on her birthday, Tuesday afternoon at the Walton Home.

Mrs. Leona Walton and Mrs. Maxine Wilson were joint hostesses and served dainty sandwiches and cold drinks to twenty of Barbara's friends The lawn was made festive with lovely Mardi Gras decorations.

A series of spirited games were enjoyed by the group.

Miss Walton received many beautiful gifts, for which she was truly grateful.

Mrs. Alva Sanders Host To Past Matrons Of Eastern Star

Mrs. Alva Sanders, Worthy Matron Cameron Chapter Order of the Eastern Star entertained Past Matrons of Cameron Chapter in her home Sunday morning, June 13th, with a Coffee honoring the Junior Past Matron, Mrs. Roy Hensley.

Several past matrons were out of town or unable to attend. Past Matrons attending were: Mrs. Lina R. Kemp, first matron in 1913, Miss Delphya Scott, 1914, Mrs. Bush Stafford, 1927, Mrs. W. E. Kuehl, 1930, Mrs. Niley Smith, 1935, Mrs. Raymond Sharpe, 1936, Mrs. Pope Sapp, 1941, Mrs. T. E. Crump, 1942, Mrs. Jess Brock, 1943 and Mrs. Roy Hensley, 1947. Miss Frances Sharpe of Dallas was also a guest.

Mrs. Sanders home was decorated with seasonal flowers. The buffet was centered with the reflector, motto and rainbow used by Mrs. Sanders in her installation.

Miss Billie Marek And Gaylon McCoy Are Married Thursday

The marriage of Billie E. Marek, daughter of Mr. and Mrs. Bill Marek of Cameron and Gaylon J. McCoy, son of Mr. and Mrs. W. H. McCoy of Rockdale was solemnized in St. Monica's Rectory with Rev. George J. Duda reading the single ring ceremony Thursday, June 17.

The bride, given in marriage by her father wore a navy blue street length dress with navy accessories. Her corsage was of pink carnations. The only attendants were the parents of the bride. Mrs. Marek wore a gray dress with brown accessories and a yellow carnation corsage.

After the wedding the couple left for a wedding trip to Austin.

Mr. McCoy is a veteran of World War II, serving three years overseas. He is engaged in business in Rockdale.

Mrs. McCoy is employed with Camp & Camp, law firm, and Camp-Baskin, insurance, in Cameron.

Rev. and Mrs. Benard L. Hatch and daughter Mary visited their neice, Mrs. Henry Lippman Saturday. Rev. Hatch has preached for the Methodist church in Houston for many years and is now executive secretary of the Texas Conference of the Methodist church.

Elizabeth Burnett And Warren Brashear Are Married June 20

Miss Juanita Elizabeth Burnett and Warren Harding Brashear were united in marriage, at three o'clock in the afternoon, Sunday, June 20, 1948, at the North Central Church of Christ, with Rev. Norman Beaver officiating. Music was presented by Marjorie Foster and Jack Hawkins of Austin.

The bride is the daughter of Mr. and Mrs. Theo Burnett of Cameron, and the bridegroom is the son of Mr. and Mrs. Womack Brashear also of Cameron.

The church was beautifully decorated with tall baskets of pink and white gladioli placed before the altar, and a large bouquet of shasta daisies was placed on the altar.

Given in marriage by her father, the bride wore a light aqua suit complimented by brown and white accessories, and a yellow orchid at her throat. Miss Bobbie Ann Burnett, the bride's sister and matron of honor wore a matching pink suit with white accessories and a white gardenia corsage. Mary Kathryn Finley was flower girl and was dressed in white hand drawn organdy and carried flower petals.

Mack Nicholson was best man, and the ushers were Griffin Burnett, brother of the bride and Thomas Brashear, brother of the groom.

Mrs. Burnett, the bride's mother wore a grey frock with pink accessories and a peach carnation corsage. Mrs. Brashear, mother of the bridegroom, was dressed in a blue Bemberg shear with black accessories and a peach carnation corsage.

The bride is a graduate of Yoe high school. She was formerly employed with Minnie Stedman Ins. in Cameron. Mr. Brashear is also a graduate of Yoe High School, and a veteran of World War II. He served several years in the Air Corps and two years were spent in England. He is now employed with the parts department of the Grabein Chev. Co. here.

After a wedding trip, Mr. and Mrs. Brashear will make their home in Cameron.

Out of Town guests for the wedding were: Mr. and Mrs. W. W. Finley of Houston, Mr. and Mrs. Carter Stanford of Beaumont, Mr. and Mrs. Griffin Burnett of Beaumont, Mr. and Mrs. Erwin Small, Mr. and Mrs. Joseph Cueere, Mrs. Wilbur Small and daughter of Houston, Mrs. Duke Hurt and son and Mr. and Mrs. Al Gooden of Oklahoma City.

WHY "Stepping Down" IS SO IMPORTANT TO YOU

Hudson amazes motor-car world by using vital "step-down" zone—not available in any other car—to bring you riding qualities and safety beyond anything known before!

Word's going 'round—and fast, too—that Hudson gives you a "sweet," smooth, safe ride that is a new high in motor-car performance!

Perhaps you've heard pleased and proud Hudson owners talking about this exciting new experience, but here's something you may have missed hearing:

The key to this amazing new ride lies in that area just under the floor of the average car, which in the New Hudson becomes the "step-down" zone—as illustrated in the sketches at the right.

This "step-down" zone is all-important, because experience has shown that the *lower to the ground* a car can be built, the better it will handle, the more stability it will have, the safer it will be, and thus the more enjoyable and comfortable will be your ride.

Hudson, and Hudson alone, has accomplished a near miracle of low-built streamlining and smooth, safe, comfortable riding with a new type of base frame which surrounds the passenger compartment, and thus permits the floor to be lowered *down* within it. Recessing the floor creates the "step-down" zone and a center of gravity that is the *lowest in any American stock car*—yet road clearance is ample!

That's why Hudson has a hug-the-road way of going, even in cross-winds, and on every conceivable kind of highway. *When you see how this car takes even the sharpest curves, it will spoil you for any other type of automobile!* You sense this delightful conformity to the road the minute you begin your ride; and this stability, plus the protection of riding encircled by a sturdy box-section steel frame, gives you a grand feeling of *safe well-being.*

Sitting in this car is as downright satisfying as stretching out in your favorite easy chair. You ride on seats that are lowered and cradled ahead of the rear wheels and, even with its low silhouette, this breathtakingly beautiful motor car gives you *more head room* than any other mass-produced car built today!

Hudson's use of the vital "step-down" zone in its exclusive, all steel Monobilt body-and-frame* is a development that required years of engineering work, the perfection of new production techniques, and millions of dollars in highly specialized *new* plant investment. Perhaps this explains why Hudson alone offers this new design principle today.

The nearest Hudson dealer has a booklet—yours for the asking—which explains how "stepping down" brings you advantages beyond anything known before! Hudson Motor Car Co., Detroit 14.

*Trade-mark and patents pending.

OTHER CARS—Here you can see that any car with floor on top of the frame, as shown above, fails to utilize that all-important space between frame members (heretofore wasted by placing floor on top of the frame). This results in a high center of gravity, and either a high roof line or insufficient head room.

NEW HUDSON—Here the important space between frame members, shown above, becomes the "step-down" zone—a highly useful addition to interior passenger roominess that creates a new, lower center of gravity, which in turn permits greater safety, improved roadability and ride, a low, streamlined silhouette.

This time it's **Hudson**

LOBBYING ACTIVITIES BRINGS FEDERAL ACTION

WASHINGTON—A Federal Grand Jury today indicted the Agricultural Commissioner of Texas and Georgia, two farm organizations and two other persons on charges of violating the lobbying law.

Attorney General Clark, who announced the grand jury action, said they are accused of conspiracy to lobby for higher commodity prices without registering with Congress He said they had a personal interest in higher prices because of trading on commodity markets.

Those indicted:

J. E. McDonald, Texas Commissioner of Agriculture.

Tom Linder, Georgia Commissioner of Agriculture.

Ralph W. Moore of Granger, Texas, who maintains headquarters in Washington as secretary of the national farm committee.

Robert M. Harris, senior partner in the cotton brokerage firm of Harris and Vose, New York City.

The National Farm Committee, a Texas corporation headed by Linder.

The Farm Commissioners' Council, which has headquarters here.

The Justice Department announcement said Linder and McDonald are the principal officers of the council.

The grand jury charged that the group, without registering as lobbyists, agreed that Moore would lobby in Congress for legislation tending to increase commodity prices and against any Congressional action tending to reduce such prices.

The lobbying law, enacted by Congress, requires that persons endeavoring to influence legislation must register as lobbyists and file statements of who employs them and how much they are paid.

The Justice Department statement said:

"The conspiracy count charges that the individual defendants had personally maintained commodity accounts and that it was to their financial interest to see to it that high commodity prices were maintained in order to support their various transactions in the commodity markets.

RESTRICTIONS PLACED ON BUILDING SITE

Cameron war veterans Wednesday night at a special meeting rejected an offered lease in central city park site for their proposed civic center tendered by the city council.

The veterans did not like restrictions placed by the council, mainly prohibiting the sale or consumption of beer or other alcoholic beverages.

The veterans from The American Legion and Veterans of Foreign Wars met in joint session Wednesday night. The matter prolonged the meeting and an almost unanimous vote was had rejecting the offer because of restrictions placed by the city.

The War Veterans have been planning a building here which would answer many civic needs. They have employed J. E. Johnson, architect and he has planned a building to cost around 30 thousand dollars.

Such an investment would not be wise to make on property to which the veterans had no deed. In the main the veterans were appreciative of the council's offer, but were thinking seriously about what might happen if succeeding councils should elect to make other restrictions.

Typhus Unit Reports Good Work In City

Willard F. Matson with the Mobile Unit and Typhus Control of the State Health Department has completed an inspection of all business houses in Cameron, and DDT has been put out.

If any store has been overlooked they should call Health Clinic and when Mr. Matson returns from Taylor they will be taken care of.

Cub Scouts Begin Summer Activities

Cub Scouts of Pack 13 began their well rounded summer activities program this week.

A swimming course at municipal pool will begin next week. Cubs interested are invited to be at the pool at 9 a. m. on Tuesday, June 22. Classes in swimming will be held Tuesday, Wednesday, Thursday and Saturdays. Swimming is only a part of the program for the Cubs will have tennis, ping-pong, hiking and outdoor meetings.

Cubs who cannot swim are taken the first 30 minute period and those who can swim a little are taken at the next period. Children will not be kept in the water over 45 minutes. E. E. Geer, lifeguard, is the instructor.

During July the Cubs will have other activities.

MEN 19 TO 25 MAY BE CALLED 90 DAYS

WASHINGTON, June 19 — Here are major provisions of the compromise draft bill passed by the senate today and late approved by the house.

1. Men from 19 through 25 years can be drafted for 21 months service with the army, navy, marines or air forces.

2. Up to 161,000 18-year-olds may volunteer for one year of service with the regular forces.

This was a substitute for a separate universal military training program.

3. The draft law becomes effective immediately when signed by the president but no one can be inducted for 90 days.

4. A senate proposal for special drafting of doctors, dentists and other members of the medical profession as such was dropped. However, doctors and dentists under 26 are subject to induction the same as other registrants. Also subject are those doctors and dentists who completed education or received their training under wartime programs.

5. Overall manpower strength of the armed forces is raised to 2,005,882 divided as follows: army 837,000, navy and marines 666,882, air forces 502,000. The approximate strength of the armed services as of June 1 was: army 548,000; air force 382,000; navy 389,000; marines 80,000.

6. A senate proposal to enlist 25,000 aleins in the army was dropped.

7. Registration would be limited to men 18 through 25 years and could begin as soon as the bill becomes law.

8. Most veterans of World War II would be exempt. This includes those with more than one year of active service or 90 days service between Pearl Harbor December 7, 1941, and VJ day on September 2, 1945.

9. The bill provides for expansion of civilian components, including reserves and the national guard, with draft deferments for those who are members of active reserve units.

10. A special exemption is allowed to the only surviving son of families who lost sons in the last war.

11. Conscientious objectors could be placed on non-combat duty or, if they objected to this, be deferred if the objection was found valid.

12. All draftees, 18 years old volunteers and other volunteers must go into reserve pools after completing active duty. The time for reserve liability can be reduced by serving in active reserve units such as the national guard.

13. The president may refer "necessary men" in industry, agmriculture, science an dother fileds. Married men an dthose with dependents also would be deferred.

14. High school students would be deferred wrom draft until they graduate or reach 20 as long as they do satisfactory class work. College students could complete the school year.

15. The president could seize plants and factories that failed to fill armed service orders at fair price.

17. Drafted men would have the same right to reclaim civilian jobs that existed under the wartime draft. Wartime absentee voting rights also would be extended to those in the armed services.

18. Men in the draft age group of 19 through 25 years also could enlist in the regular army for a period of 21 months. This lowered the period for regular enlistment which had been not less than two years.

19. A passing grade of 70 in general classification tests used to test volunteers must be accepted. It resulted from complaints that the armed services had raised this passing grade to 80 points to reject many volunteers.

20. The national selective service organization is re-established. It would operate much as it did during the war period.

E. A. Perrin, Richard Bush, Frank Wigg and Roy Griffith attended the meeting of the U. S. Chamber of Commerce in Waco Wednesday.

Nora Frances Baggett is spending her vacation visiting in the home of Mr. and Mrs. Garland Pemberton and children of Orange. She will also visit in the Modest Pemberton home in Lake Charles, Louisiana. Miss Baggett is employed as deputy in the County Clerk office here.

John Hairston, county treasurer attended the home coming in Rockdale Sunday and visited in the home of his brother, Allen Hairston and family.

Dolores Roberts Is Attending Home Makers Meeting

Dolores Audrene Roberts, State President of the New Home Makers of America, left Cameron Saturday morning for Baltimore, Maryland to attend the New Home Makers National meeting. She was accompanied to Prairie View by Mrs. J. L. Burk, where she was to join the Texas delegation making this trip under supervision of the state organization, and will be directed by the State advisor.

While away the girls will visit several historical sites, and will make a visit to the National Capitol. From three they will visit New York, returning to Texas by way of Chicago.

Audrene Roberts is the daughter of Rev. and Mrs. E. M. Robetrs who resident on West 23rd St. in the New Vogalsang addition to the city of Cameron.

Mr. and Mrs. Ralph Lewis and patsy of Houston are expected in Cameron this week. They will visit in the home of Mr. and Mrs. S. M. Allison and other relatives of Cameron.

Mr. and Mrs. Ralph Rice and baby son of Houston were visitors in Cameron recently. Mrs. Rice will be remembered as the former Agnes Storey of Cameron.

Mr. and Mrs. Adolph Winfield and sons visited in Waco Sunday.

Mrs. Ora Arnold and daughter, Carolyn of Killee nspent a few days in Cameron this week with her mother, Mrs. Minnie McFarland.

Mr. and Mrs. Bill Donovan of Cameron are on a two weeks vacation. They will visit in Denver, Colorado, New Mexico and many other places of interest.

Mrs. Mat Baggerly and Herbert Baggerly attended the funeral of Ellen McIntire of Oklahoma this week.

Norma Fae Parcus Returns Home; Not A Polio Victim

Norma Fae Parcus, 11 year old daughter of Mr. and Mrs. Todd Parcus of Maysfield, has returned to her home from Childrens Hospital in Waco.

When taken to the hospital on Monday it was thought she was a victim of Infantile Paralysis. Friends here and at Maysfield were glad to know that she does not have Polio.

Tandy Wilkerson, 5 year old son of Mr. and Mrs. G. A. Wilkerson of Cameron who became ill last week and a Polio patient, is reported to be doing well and is expected to be up soon.

Helen Reichert and sister Danna have returned from a pleasant vacation visit in Freeport. They visited in the home of Mr. and Mrs. Elo Brandstetter there.

FARM BUREAU

A meeting of the Milam County Farm Bureau Directors will be held, Thursday, July 1, at the Milam Coffee Shop.

Judge John Thweatt of Maysfield, was a visitor here Wednesday. He is justice of peace for Precinct No. 2 and a candidate for re-election.

OXSHEER SMITH BRAZOS BOARD MEMBER EXPLAIN

(From the Daily)

Oxheeer Smith, President of Citizens National Bank, and a member of the Brazos Board for conservation and flood control, said here early Friday that he is deeply gratified to note the assurance of an appropriation of a half million dollars for work on the Miller Springs dam.

Mr. Smith said that this appropriation is the beginning and that he feels sure that we are on our way to control of devastating floods on the watershed of Little River which is the largest tributary of the Brazos.

The Brazos Board of which Mr. Smith is a member, has worked for a long time to get the Miller Springs Dam appropriation. This is the initial step in a construction program on the Brazos shed. Other dams will be the Leon at Belton and another on the Lampasas near Nolanville in Bell county. Still another is on the San Gabriel in Williamson county.

As a member of the Board Mr. Smith has made a close study of the use of these waters and the necessity to imopund them and to conserve them. Large industrial use is made of the waters of the Brazos at plants near the Gulf, he pointed out and all these needs are a part of the general plan. Use of waters and their allocation is controlled by the board. All is not visible locally in the area of these dams. The use of the waters is related to the whole area and not primarily for irrigation in the vicinity of the dam sites, in fact local plans cannot always be served until the whole Brazos project is completed and then all will depend on the commercial and other needs along the stream and its tributaries.

TANDY WILKERSON IN A LOCAL HOSPITAL

(From the Daily)

Cameron has a case of Polio, it was strongly indicated by medical authorities Monday morning.

Tandy Wilkerson, young son of Mr. and Mrs. G. A. Wilkerson who reside on 21st street, has been confined to a local hospital since Saturday, June 19.

Diagnosis has not been completed but Polio is suspected, the daily Herald was officially told Monday morning.

It was expected that final determination might be made within the next few hours. Medical authorities would not say that the boy has infantile paralysis but their statements left little doubt that the dread disease has finally reached Cameron.

In view of the almost certain existence of Polio here now, it is of the utmost urgency that the people take every precaution and to follow explicitly the instructions laid down by the Cleanup Campaign authorities. It is now so urgent that business houses be closed at 1 p. m. Tuesday and remain so until 6 p. m. on to-morrow, that 100 per cent cooperation must be had.

Every citizen of Cameron is warned of the very great danger now facing the city. Based upon known facts the clean up, the observance of health rules, especially for children, this city may escape a serious development.

FIGHT OVER NOMINEE ON AT PHILADELPHIA

(From the Daily)

The Republican National Convention got under way in Philadelphia at 10 a. m. Monday.

The early stages of the morning session were featured by enthusiastic oratory and after a busy forenoon the convention adjourned to convene again at 9 p. m.

Governor Dewey of New York predicted that he would get the nomination early. Observers say that the convention is wide open on nominations. The Taft delegates were encouraged and Stassen men were hopeful as well.

Senator Vanderburg of Michigan loomed as a possible compromise in case the nomination is not made on the first three ballots.

The convention heard "Happy Days Are Here Again," which was the campaign song of the late Franklin Roosevelt. Democrats were braced for the heavy artillery.

PLACED BY COLLEGE

Mr. and Mrs. Martin A. Hearne of Cameron, graduates of Southwest Texas State College, have recently been placed in teaching positions at Ozona. Mr. Hearne will serve as high school journalism teacher and junior high teacher, according to an announcement this week by Pat Norwood, director of public relations.

Printing is a home industry.

OLD SETTLERS REUNION

Will be held at the City Park in Cameron, July 18, 1948. All former residents of Ben Arnold and Community are invited to attend and bring your lunch.

M. R. Tyson and Jesse Walker from Harris county are visiting in Cameron. They expect to stay a few days.

Miss Bessie Dunham, chief clerk in the office of Homer Nabours, county clerk, is visiting her sister in Houston.

Mrs. Bernice Wallace spent Tuesday with her father, Oscar Story, who is a patient in Marlin Hospital. She was accompanied by Betty Jo Small.

VITAL MEASURES IN BALANCE LAST DAY

(From the Daily)

Congress was cracking up swiftly as the fading hours of the current session assumed the dignity of history.

If the congress makes good on a number of vital things that seem necessery to be done the solons will have to: Pass a housing act; pass European Aid; pass a Draft Bill. As the situation looked early Saturday not one of these legislative objectives would be reached.

A fillibuster in the senate by Senator Taylor of Idaho would prevent the draft bill passing Saturday. The Congress cannot escape criticism on the grounds of a filibuster when they have had months in which to secure the country.

The Republican National Convention meets Monday in Philadelphia. The eyes of the Senators are on the convention hall and the lightning rods run up for the political bolt.

Powerful lobbies have defeated the Housing Bill, European Aid and the Draft. Soviet Russia should be well pleased with the 83rd Congress.

Mr. and Mrs. W. L. Parks of Dallas spent a day and night in the home of Mr. and Mrs. F. G. Blake this week.

MRS. SEMIMUS FISHER DIED EARLY MONDAY

Mrs. Semimus Ann Barnette Fisher, 80, died at the home of her daughter, Mrs. C. M. Beacham, at 1:00 a. m., June 21, 1948.

Mrs. Fisher was born February 26, 1868 near DeQueen, Arkansas. Her father was John W. Barnette, who was born in Alabama and her mother was Frances Willingham Barnette of Tennessee. She came to Texas at the age of 16, and settled near Milano, Texas.

She was married to Robert "Bob" Fisher on May 17, 1885.

Among her survivors are her husband, Robert H. Fisher, five sons; Fred Fisher of Dallas, Robert Fisher Luther Fisher, Benton Fisher and Hugh Fisher all of Waco, six daughters; Mrs. C. E. Rutherford of Haskell, Mrs. C. M. Beacham, Cameron, Mrs. Sallie Ditto, Waco, Mrs. Walter Taylor, Mrs. Eula Altenhoff and Mrs. Lawrence Jaye of Gatesville. Also surviving are one brother, Sam Barnett of Hamilton and two sisters; Mrs. Nellie Patterson of Moody and Mrs. Ella Lions of Hamilton.

Two sons died in infancy. Forty-nine grand children and 37 great grand children also survive.

Funeral services were held at 5:00 p. m. Monday, June 21, from the First Methodist Church at Liberty, with Rev. Lee Lemons, pastor First Methodist Church in Cameron officiating. Interment was made in the Liberty cemetery, with Green Funeral Home making the arrangements.

Pallbearers were grandsons of the deceased.

MRS. ELLEN MCENTIRE DIED IN FORT WORTH

Friends will regret to learn of the death of Mrs. Ellen McEntire of Fort Worth, who died at her home, June 14, 1948.

Funeral services were held at the Diamond Hill Methodist Church in that City on Tuesday, with Rev. Gordon and Rev. Baker officiating. Burial was made in Highland Park Cemetery.

Mrs. McEntire was 82 years of age and was the mother of fourteen children, two being deceased. She is also survived by a sister, Mrs. Mary McGoldrick, a niece, Mrs. M. A. Baggerly and a nephew, Jim McGoldrick all of Cameron.

Mrs. Baggerly and son, Hubert Baggerly, and Mrs. Eva McDonald attended the funeral on Tuesday.

New Department Has Been Added At Culpepper Store

A new department greatly expanding the service at the Culpepper store has been added and is now in full operation.

In this new department completed in March 22 are displayed freeze units, gas ranges, floor coverings and a music department. Records is one of the larger items of sale at the store.

The new department is to left of the main span of the store. The music department features records, phonographs, record players and some musical instruments. Rufus Reichert is head of this department and assisting him are Dwight Moody and Ralph Koepf.

Frigidaire is one of the big features of this new department along with modern kitchen equipment. Buyers have already found this source of supply popular and stocked to meet post war needs in home furnishings.

FIRST METHODIST CHURCH

Rev. R. L. Lemons is attending the Jurisdictional Conference in El Paso this week. In his absence, The Reverend Guy H. Wilson, recent pastor of First Methodist Church, Bryan, will conduct both the morning and evening services at the Methodist Church. The morning worship hour begins at 10:55 and the evening service at 8:00. Methodist Youth Fellowship will meet Sunday evening at 6:30 on the parsonage lawn for supper and fellowship.

Miss Mildred Matyastik, sophomore at Mary-Hardin Baylor in Belton spent the week end with her parents Mr. and Mrs. John Matyastik.

WAR VETERANS PLAN MASS ATTENDANCE

(From the Daily)

Judge Fred Glass, county Judge of Falls county, will address a county wide rally in the stadium at Yoe High School at 8 to-night.

The occasion of this rally is a scheduled discussion of the County Unit System as a more efficient way to handle county affairs and to build roads.

War Veterans plan to attend in mass. Members of the Farm Bureau have been invited and they are expected to turn out in large numbers.

By special arrangement with the school authorities the stadium will be used for seating. A truck will be drawn up in front of the stands and a loud speaker will carry the voice of the Marlin judge to the audience.

Since War Veterans get credit for a period in government if they attend this meeting many are expected to be there, especially all veterans enrolled in the GI schools.

Stanley Swift, Chairman of the Good Roads Committee of the Chamber of Commerce, was making arrangements.

Bill Arthur, chairman of the Agricultural Committee in the Chamber of Commerce, was especially interested in getting the veterans out for the rally.

It will be a discussion of a better form of county government, recently adopted in Falls county and in Burleson county. Every citizen interested in good roads, more efficient methods of spending tax money, a better all round fiscal policy for the county should attend this meeting.

BUILDING MAY START DURING THE SUMMER

Work can start this summer on the Miller Sprngs dam.

The joint senate-house conference committee on the army civil functions bill last night approved $500,000 in construction funds for the long-needed dam project.

The measure must now be approved by the whole of the house and senate, but this action is only a formality now that differences between the senate and house version of the bill have been adjusted by the conference committee.

The house appropriations committee originally refused to approve any Miller Springs construction funds, but the senate appropriations committee set up $1,000,000 for start of work on the dam.

Rep. W. R. Poage of this district last night told Sarah McClendon, Telegram Washington correspondent that he would check with the army engineers Friday morning on their promise to speed up completion of final construction plans and specifications for the dam, so that work can start as soon as possible.

The $500,000 becomes available on July 1.

"This action by the conference committee is great news to all of us in Central Texas," Mr. Poage said. "As a matter of fact, I doubt that the army engineers could spend more than $500,000 on the project in fiscal 1948, even if more had been appropriated."

Temple and Central Texas backers of the dam, who have fought for it for more than 15 years, were jubilant last night. They have always believed that the first actual construction appropriation would mean that San Saba, Franklin, Hamilton, Clifton, Georgetown. This district is No. 6 and comprises 18 counties.

Mr. Faught's subject was "Banker-Dealer-Farmer Relationship." He said there had been an increase of 250 per cent in farm income in this district since 1939 partly due to higher prices for farm commodities. The farm income has increased from 47 million to 85 million. In the past 5 years livestock has accounted for an increase of from 35 per cent to 56 per cent of farm income and crops have dropped from 65 per cent to 42 per cent of the farmers income. Mr. Vaught proceeded to show how bankers and dealers can be of greater help to the farmers by investing their resources in the financing necessary to promote better production and bigger profits. Such a policy, only nominal in comparison to the importance of agriculture in the past could if increased result in great advantage to both banker and farmer.

The next meeting for the J. I. Case farm implement dealers will be held in Georgetown on August 12.

Democrats Meet and Assess Candidates

Candidates for nomination in the Primary election now know the fee they must pay for a place on the ballot. The Democratic Execptive Committee met at 10 a. m. Monday under call from J. B. White, Chairman.

The budget for the two primaries totaling $3,184.28 was adopted and ballot fees fixed. Election managers were named and a committee authorized to proceed with the order of the ballot on Monday, June 28.

Candidates have until June 26 to pay the assessments.

RUSSIA WILL BE GLAD POLITICS CAME FIRST

Politicians in Washington gambled with the safety of the United States Thursday but played safe with the ballot box.

The House of Representatives voted to postpone action on the draft until 1949.

A fillibuster loomed in the Senate and Senator Taft said that if the Congress does not pass the bill they will come back after the Republican Convention in Philidelphia.

Russia will be glad to know that politics came first with the present congress. After all President Truman may not be far wrong if at all, in saying that this Congress is the worst in American histtory. One of the major failures was the Housing Bill.

The people of the United States now have a foretaste of what is going to happen to the country after November. Many local Democrats are asking for it and are apt to get it, so went comment from the astute, old time observers. Some folks just don't seem happy unless they can bring back the good old days of apple selling and raking leaves.

The Economy of the Nation has undergone change, for the better. Republicans, owing their first allegiance to business, want slums, credit buying and high interest rates. The tariff is a powerful weapon.

Young men between the ages of 18 and 25 will be relieved to know there will be no draft, but may have to fight under the profit system, ill equipped, caught with our pants down and drilling with wooden guns. Meanwhile the ballot box is safe.

RURAL LEADER SCORES

An idea suggested by Mrs. D. E. McDaniel of Rockdale, is included in Rural Home Department in the July issue of Capper's Farmer. Her idea is cited in a section entitled "Corner Cutters," devoted to practical suggestions from farm women.

"To keep cats from bothering a birdhouse," says the item from Mrs. McDaniel, "plant a climbing rose around the post on which the house is mounted."

Otto Zotz, Jr. son of Mr. and Mrs. Otto Zotz, Sr. is a patient at Newton Memorial Hospital.

Mr. and Mrs. Arthur Townsend of Cameron are the happy parents of a son, David Henry, born at Newton Memorial Hospital, June 13, 1948. He weighed seven pounds and two ounces. The mother was formerly Myrtle Aschenbeck.

Mr. and Mrs. Henry Reisner and family of Granger spent last Sunday in the home of Mr. and Mrs. Anton Reisner of Cameron.

Mrs. Otto Hoff and son Floyd of Bishop and Mr. and Mrs. Olan Hoff and son of Robstown visited in the home of Mr. and Mrs. Henry Tomascek of Ad Hall the past week end.

How to keep a Champ in Trim!

YES sir, there's a championship caliber all through that Buick of yours.

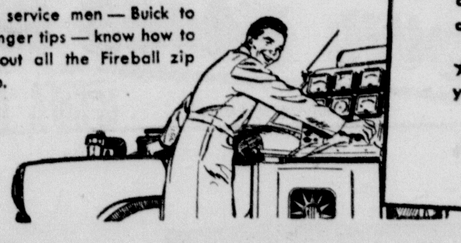
It's caliber that calls for mighty little "conditioning"—if the attention it gets adds up to really knowing and understanding *care.*

For instance, these Fireball cylinders will keep on packing all the wallop they should, if you let us compression-check them in the Buick way. Steering will stay easy and light, tire wear will stay at the minimum, if you keep your wheels lined up on our special tracking gauges.

And when wear does take its inescapable toll, we have the parts—Buick-engineered for their job—that restore factory-new standards of performance.

Even our tools are specially designed to do a typical Buick job—and for the personal, interested, specialized attention that tops off genuine Buick care, you simply can't beat the Buick specialists in our shop.

Yes, give your champ real Buick care—Buick know-how, Buick parts, Buick interest in keeping your car at its peak. Costs no more than ordinary attentions—but what a whale of a difference it makes!



Skilled service men—Buick to their finger tips—know how to bring out all the Fireball zip and go.

Lubricare *Matched-to-mileage maintenance for Buicks*

★ *Lubricare* is specified for your Buick by the engineers who built the car—with the right kind and the right amount of lubricants carefully chosen for just one reason: they are best for your Buick.

★ *Lubricare* is matched to the mileage your Buick has traveled—including a thorough inspection, a report of anything needing attention and a record of the service for future reference.

★ *Lubricare* adds thoughtful care to complete *lubrication.* For protection and smooth performance, your Buick deserves Lubricare regularly.

★ SEE YOUR BUICK DEALER EVERY 1000 MILES FOR LUBRICARE

SEE WHAT OTHERS IN THE STATE ARE DOING

Think it's hot? Well, let's look at the record a bit.

Compared to some points in Texas Cameron was downright cool. It may be helpful to look at what the sun was doing in other sections of Texas Thursday.

It was a mere 100 degrees here Thursday. The hottest days of the year were on June 8 and 9 when the themometer reached 101 degrees. That's pretty hot even for Texas where we do things in a big way.

Down at Presidio on the Mexican border it was 110 degrees. The Chamber of Commerce in Wichita Falls and Del Rio, not to be outdone also reported 110 degrees.

Wink out in West Texas had 107 degrees, Clarendon 105. Salt Flat out in the shadow of Guadalupe Peak, Crystal City, El Paso and Amarillo had 104 and Pampa and Laredo reported 103 degrees. Lubbock had 102 and Abilene, Big Springs and San Antonio had 101.

Printing is a home industry.

Many See New 1949 Ford Cars on Display At Hefley-Stedman

Four new 1949 Fords are now glistening in the show room of the Hefley-Stedman Motor Company. Shown are a coupe, a V-8 tudor sedan, a six cylinder tudor sedan and a four door sedan.

On opening day of the display a large number of people were stirring about the new cars. They were going through the car, trying out the wide seats, looking at the engines and examining all of the revolutionary new features.

The spectators were interested in the modern grille offered by Ford this year. It is a jet-like scoop which supplies the car with warm or cool air, caught the attention of many onlookers.

Mr. Stedman says the new Ford is the best Ford ever built and in his many years in the automobile business he has never had a better product to sell.

Summer Program For Fire Scouts

Summer activities for Fire Scouts will bgein Tuesday, June 22. F. E. Jackson will be in charge of tennis and give one lesson each week for six weeks, at 6:30 p. m. at Yoe High courts.

From where I sit ... *by* Joe Marsh

They let the Wives in!

The ex-GI's of our town entertained their wives the other night at one of their "feeds" of hamburger sandwiches and ice cold beer. (The girls had hinted that they'd like to see what went on when their husbands got together!)

Being wary, the boys provided chicken sandwiches and cake and cider—for those wives who might have other tastes. But though they were grateful for the choice, most of the wives agreed that hamburger sandwiches and beer were a mighty pleasant combination.

After the "feed" the husbands took their wives on at a game of darts, and later they played "Indications." The party broke up around ten, with the boys agreeing that it was mighty successful.

From where I sit, it's this companionship among young couples today, and their moderation in a sensible beverage like beer, that's won the younger generation such a wholesome reputation.

Joe Marsh

Merchandising

is big business again

War scarcities are fast disappearing and Merchandising is big business again. Catering to retail trade has potential community market possibilities greater than at any time in history.

Many small centers lost to larger centers during Allotment Days on merchandise. To rebuild local retail markets is the responsibility of the merchant in unison with competitors for volume buying benefits all.

ADVERTISING is the greatest of all builders for trade. To employ it generally is to reap big benefits, build a town better. Put it to the test. It is a real challenge, never a doubtful experiment.

666 MALARIAL PREPARATION

GIVES Malarial Chills & Fever RELIEF

It's Costing You Money

Even small leaks waste large amounts of water if allowed to continue 24 hours a day over a long period. For example, at 50 pounds average pressure—

A dripping faucet wastes 450 gallons per month
A 1/32-inch opening wastes 7,920 gallons per month
A 1/16-inch opening wastes 28,300 gallons per month
A 1/8-inch opening wastes 114,200 gallons per month

If you have a dripping faucet or other leak, have it repaired immediately. Do not allow a leak to continue indefinitely as it adds to your water bill every minute. Water is cheap, but not if it is wasted!

"Four Faces West" Full Blown Western At Cameron Thursday

When filming "Four Faces West", the United Artists release due Thursday at the Cameron Theatre, Producer Harry Sherman, whose name has become synonymous with high class Westerns for many a year, took his cast and camera crew to the famous White Sands National Monument in New Mexico. This Monument, which was the scene of the first atom bomb explosion, is situated in the now historic area near Alamagordo where much of the action of the picture takes place.

Co-starring in "Four Faces West", which is an Enterprise Studios' production, are Joel McCrea, his beautiful wife, Frances Dee, and Charles Bickford, Joseph Calleia tops the featured cast of players which includes William Conrad, Martin Garralaga and Raymond Largay.

This is the first time a camera crew has invaded the White Sands National Monument locality, which was strictly guarded during the war years owing to the location there of the Los Alamos Project. Many important scenes in the picture were also shot at El Morro National Monument, site of Inscription Rock. On this Rock are the many names of people who, for one dramatic reason or another, left their permanent mark in New Mexico.

Eugene Manlove Rhodes, celebrated author and a native of New Mexico, wrote the Saturday Evening Post novel from which the film was adapted. He called it "Paso Por Aqui," which, translated, means They Passed This Way.

Alfred E. Green, who was responsible for the hit musical, "The Jolson Story", directed the film from a smooth, well-knit screen-play by Graham Baker and Teddie Sherman, talented young daughter of the producer. The adaptation of the novel is credited to William and Milarde Brent,

Mr. and Mrs. Wilburn E. Shuffield of Cameron are the parents of a son born June 16, 1948 at Newton Memorial Hosuital. The baby weighed seven pounds and three ounces and has been named Wilburn Van.

TWO MORE CASES OF POLIO ARE REPORTED

(From the Daily)

Two more cases of Polio, or Infantile Paralysis, were reported definitely, late Monday, according to Dr. Clifford G. Swift, County Health Officer.

The victims are: Norma Fae Parcus, 11 year old daughter of Mr. and Mrs. Todd Parcus of Maysfield. She was stricken Sunday, according to information relayed to the Daily Herald, and late Monday was taken to the Childrens Hospital in Waco where she is receiving special care.

The other case, Edward Larry Sommers, 9 year old son of Mr. and Mrs. Edward Sommers of Cameron who died in the Childrens Hospital in Waco at 1:15 a. m. Tuesday.

Tandy Wilkerson, son of Mr. and Mrs. G. A. Wilkerson of Cameron, was stricken Saturday, June 19, and is now in the Childrens Hospital in Waco. His was the first of the Polio cases reported here in the current epidemic.

Printing is a home industry.
